### **EXPERIENCE THE BENEFITS OF GUARANTEED COMFORT**

At Ruud, we understand the needs of everyday living, which is why the Ruud RHBL Air Handler was designed to provide homeowners like you highly efficient operation with improved energy savings and greater comfort.

**Energy Savings** The Ruud RHBL Air Handler is designed for maximum performance, exceeding the standard efficiency requirements and, in many cases, enhancing the efficiency rating of your outdoor air conditioning unit.

Humidity Control The air handler manages humidity levels in the home, improving your comfort and helping you save money on energy bills.

Efficient Heating & Cooling The Ruud RHBL Series Air Handler is designed to meet the needs of a variety of systems. Your contractor will recommend a unit that will best meet your home's airflow needs. The factory-installed indoor cooling coil is the key component for your air handler. The coil is essential to humidity control and improved system performance, and the high-quality standards used in manufacturing result in fewer maintenance calls.

# EXPERIENCE LONG-LASTING QUALITY & DURABILITY

Affordable and Reliable The Rheem RHBL Air Handler is certified and independently verified, delivering guaranteed comfort for your home that's easy to afford.

Adaptable Design Ruud Air Handlers are designed to be durable and long-lasting. A unique drip pan feature protects your home from potentially damaging condensation run-off, delivering peace-of-mind in addition to greater comfort.

Optional Electric Heat When a heat pump is paired with the unit, Ruud Air Handlers can also provide efficient heating for your home. An optional electric heater kit can be added to keep you warm all winter long.

**Simple Service** Ruud Air Handlers have been engineered to provide your technician easy access to all internal components, helping any service time stay short and simple.
