RELY ON RUUD.™

ENDEAVOR®

Innovation You Can Count On

Patented industry-first features and 360+1 design make the Rudd Endeavor RP15AZ a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry¹—10 Year Conditional Parts.

Reduced Emissions

Households generate 72%² of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

Reduced Environmental Impact

The 7mm condenser coil⁵ provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to Rudd's sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

Rugged Curb Appeal

Curved louvered panels and rugged corner posts provide excellent support and protection to internal components, while the overall modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our heat pumps are engineered with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency increases, sound levels remain low.

SOUND RATING³

Among Heat Pumps, This One's A Star⁴

Earning ENERGY STAR[®] recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy—which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.

FEATURES AT A GLANCE

Cooling & Heating Efficiencies Up To:

16 SEER2 / 11.7 EER2 / 8.1 HSPF2

Nominal Sizes:

1.5 to 5 Tons

Cooling & Heating Capacities:

13.36 to 45.6 kBTU

EcoNet[®] Enabled: No

Sound Rating³: As low as 72 dB

Compressor Type: Two-Stage

Condenser Coil Type: 7mm⁵

PlusOnes:

PlusOne[®] Expanded Valve Space –

Provides a minimum working area of 27-square in.

PlusOne Triple Service Access –

15 in. wide industry leading corner service access, two-fastener removable corner and easily removable individual louver panels

Limited Warranty¹:

Conditional Parts – 10 Years

Ruud.com

Nearly 100 Years of Innovation

As the only brand bringing innovative air and water solutions to homes and businesses around the world, Ruud continues to deliver advanced comfort, savings and experiences to our customers—just as we've done for nearly 100 years.
