RELY ON RUUD.™

ENDEAVOR™

Innovation You Can Count On

Patented industry-first features and advanced design make the Ruud Endeavor WP14AZ a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by a dependable warranty¹—5 Year Parts.

Less Environmental Impact

The 7mm condenser coil² provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

Reduced Emissions

Households generate 72%³ of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

Rugged Curb Appeal

Curved loupered panels and rugged corner posts provide excellent protection to internal components, while modern cabinet aesthetics including the powder coat paint system allow your unit to put its best face forward for years to come. This model also features a one-piece drawn and painted base pan. The pan elevates the coil off the pad helping minimize corrosion while also reducing sound.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our heat pumps are engineered with acoustics in mind. Integrated sound-dampening features such as refrigerant tubing design, fan blade approach, a one-piece drawn base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

SOUND RATING⁴

FEATURES AT A GLANCE

Cooling & Heating Efficiencies Up To:
14.3 SEER2 / 10.4 EER2 / 7.6 HSPF2

Nominal Sizes: 1.5 to 5 Tons

Cooling & Heating Capacities:
17.1 to 55.5 kBTU

Sound Rating⁴: As low as 72 dB

Compressor Type: Single-Stage

Condenser Coil Type²: 7mm

Feature Highlights:

Expanded Valve Space –
Provides a minimum working area of 27-square in.

Easy Service Access –
15 in. wide industry leading corner service access, two-fastener removable corner and easily removable individual louver panels

Limited Warranty¹:
Parts – 5 Years

TESTED.
TRUSTED.
TOUGH.

From the smallest part to complete comfort systems, we engineer quality into every piece of equipment to be sure it's tough enough to deliver the maximum performance you count on day after day, year after year. That reliability is what makes Ruud different—and better.
