ENDEAVOR™

Ruud® Endeavor™ Line Achiever Plus® Series

The Ruud Endeavor Line Achiever Plus Series RA15AZ Air Conditioner offers a more reliable way to keep your home comfortable. It combines durability and energy efficiency to help save money and increase your peace of mind.

Ruud.com/Endeavor

RELY ON RUUD.™

Designed To Be the

Innovation You Can Count On

Patented industry-first features and 360+1 design make the Ruud Endeavor RA15AZ a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry¹ — 10 Year Conditional Parts.

Energy Savings

Just like a vehicle's MPG, the higher the SEER2 and EER2 (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—allowing for energy savings month after month. Keep in mind, other factors such as system matching, sizing, ductwork and installation also affect overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best heating and cooling system for your home's comfort and your budget.

Exact Comfort

Inverter driven, variable speed, twin rotary compressor technology features cooling operation between 40% and 70% of capacity (ramping up to 100% when required) to continuously meet your ever-changing cooling needs. You'll enjoy exact temperature and advanced humidity control that combine to exceed your comfort expectations.

Reduced Environmental Impact

The 7mm condenser coil² provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

Rugged Curb Appeal

Curved louvered panels and rugged corner posts provide excellent protection to internal components, while modern cabinet aesthetics including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are engineered with acoustics in mind. Integrated sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

Ruud.com/Endeavor

We Thought
of Everything...
& Then Some

We evaluate every detail of a product from top to bottom, inside and out and every angle in between. That's 360+1. And that's why you can count on this air conditioner to bring you and your family years of efficient and dependable comfort.

TESTED.
TRUSTED.
TOUGH.

From the smallest part to complete comfort systems, we engineer quality into every piece of equipment to be sure it's tough enough to deliver the maximum performance you count on day after day, year after year. That reliability is what makes Ruud different—and better.

Smart Choice

A Smart Way to Live
Both **Comfortably**
& **Sustainably**

Many Ruud products have sustainability features, but the RA15AZ has earned our Sustainability Standout Seal, indicating it's among the best of the best. We created the Seal to help you more easily find the products that save energy, save money and save the planet.

The Ruud Endeavor RA15AZ operates with the easy-to-use EcoNet Smart Thermostat, which optimizes system performance and provides a new level of protection and precision comfort **with features like:**

- Communication with latest sensor technology
- Control of your thermostat from anywhere via the EcoNet App⁴
- Alerts sent directly to your phone or email

EcoNet Mobile App

EcoNet Smart Thermostat

ENDEAVOR™

Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth® connectivity makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.
